He said the slip was not suitable, so he has returned the boat to the mooring off the boatyard. Selectmen received a communication from Attorney William Carey of Fairhaven saying that Fairhaven is willing to join in a mutual aid pact. The Selectmen will forward the approved mutual aid agreement to him for examination and will consider any version that he might have prepared.

Veterans' Benefits

VETERANS - WERE YOU AWARE OF THIS?

Many veterans who have served in the Armed Forces of the United States may be unaware that the Federal Government may contribute toward the payment of the burial of a veteran.

Veterans and families should familiarize themselves of this provision of Federal Law, concerning the burial allowance which can be paid by the Veterans Administration.

Under current Federal Law the Veterans Administration is authorized to pay up to \$250 toward burial expense of an eligible veteran when his death is not caused by a disability incurred during military service. An additional \$150 may be available toward a plot or interment allowance. The Veterans Administration will pay additional amounts for transportation if the veteran died in a V.A. hospital.

Should the veteran's death be caused by a disease or injury which is rated service connected, the V.A. burial allowance is \$800. which would be paid even though a veteran is buried in a National Cemetery.

When a non-service connected veteran is buried in a National Cemetery, the V.A. pays only \$250. since there is no plot or grave space charge in a National Cemetery.

A burial in a National Cemetery is available to any eligible veteran, providing grave space permits, with the exception of Arlington National Cemetery outside Washington, D.C. Eligibility requirements for burial in Arlington may be obtained by writing Superintendent, Arlington National Cemetery, Arlington, Virginia 22211.

Burial in a National Cemetery may be arranged through a funeral director in charge of the services of an eligible veteran. Most funeral directors will also either file claim for V.A. burial allowance or will assist next of kin in making appropriate application.

Indigent veterans may also be entitled to a burial allowance under the Veterans' Services Directives of the Commonwealth of Massachusetts. These type of benefits may also be available for indigent parents of veterans.

A Message of Importance From George Rogers . . .

After many months of silence it is extremely gratifying to finally be able to address personally and in a personal manner those whom I have represented in public office for over 14 years.

This past year has been a trying period for myself, my family, staff, friends and supporters. Many people have urged that I downplay the seriousness of the charges made against me, the verdict of the jury and the sentence. To do so would not only be untrue but betray all that I have attempted to accomplish during my career in public office. That which I have cherished most has been my reputation. The type of activities I have been charged with should not and cannot be tolerated by any electorate.

I reaffirm my candidacy for re-election to the senate, today, and although I cannot personally campaign, my campaign committee will actively pursue my re-election.

But how can I legitimately ask the voters of greater New Bedford for their support given the verdict and my statements regarding the seriousness of the charges. There is only but one justification. I did not and never have engaged in any illegal activity.

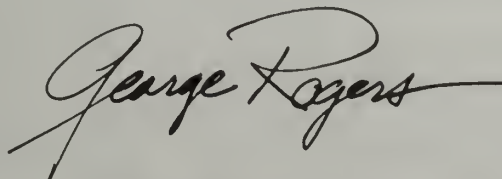

I was convicted by the testimony of three individuals who intimately knew one another and were involved in stealing over a million dollars. Why they testified as they did and what part was played by the prosecution in developing the case are questions I cannot answer. However, in the year of dozens of political scandals involving hundreds of millions of dollars I was the one indicted on charges I still do not understand.

There are many people both in and out of government who hope that the conviction of George Rogers will serve to satisfy the public appetite to purge corruption from state government and further hope that the question of corruption in state government has been effectively addressed. I do not believe the general public will be so easily satisfied.

The overwhelming support I have received from the citizens of my community both when indicted and convicted has been without a doubt beyond description.

Your confidence in me has sustained me during these trying months, and for that I am eternally grateful. I ask for your continued support so as to enable me to continue with my legislative objectives and in order to fight to clear my name. I cannot and will not idly allow my conviction to stand uncontested.

Sincerely,

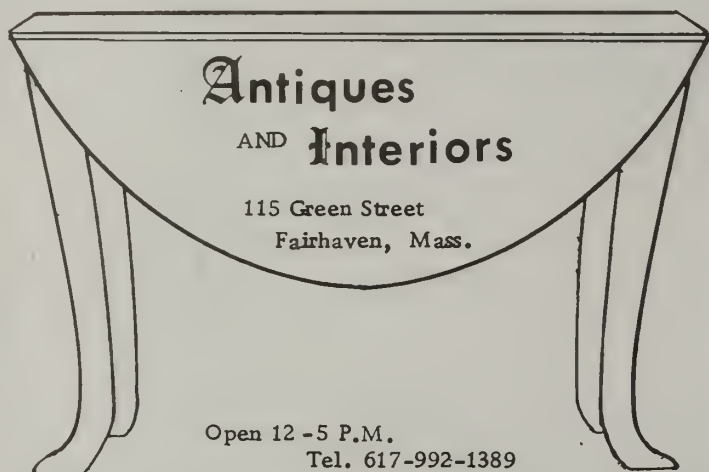

A handwritten signature in cursive script that reads "George Rogers". The signature is fluid and elegant, with a long horizontal flourish extending to the right.

Biff MacLean

A
Down-to-Earth
Legislator...

He's looking forward to Representing Marion, Mattapoissett and Rochester

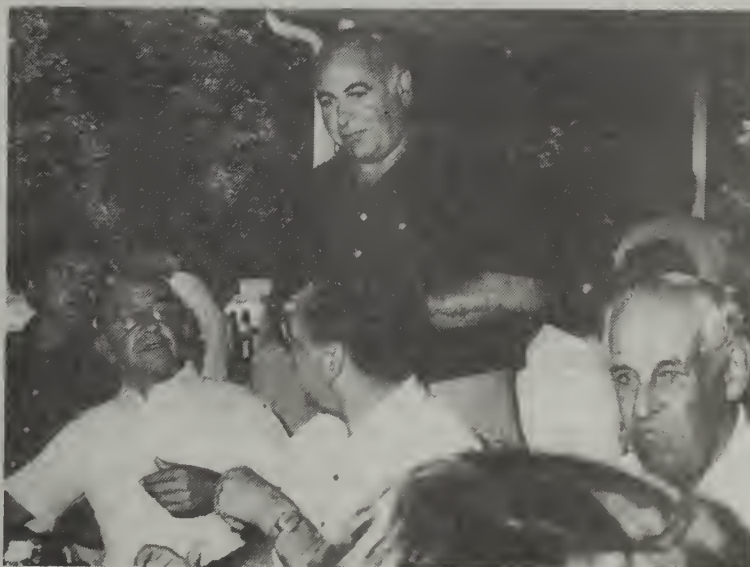

Over the past 18 years as state representative for Fairhaven and Acushnet, Biff's also had the pleasure of working with a lot of people in Marion, Mattapoissett and Rochester.

And now that his district is being expanded to include these three towns, he's looking forward to working with them even more in the future.

But he needs your help. Although he's unopposed in the Democratic primary, it's still important for Democrats and Independents to give him their votes.

Why? He needs your vote of confidence . . . and he deserves a vote of thanks for the many positive improvements he's made in our area.

So please vote in the Democratic primary on Tuesday, September 19.

Biff enjoys some good fellowship at the annual clambake. l to r: Charles Wordell, Cliff Macomber (Biff standing), Everett Macomber, and Manuel Nunes
